HUỲNH THỊ THANH VI

FRONTEND WEB DEVELOPER

"I'm Thanh Vi, a little girl with big passion for Frontend Web Development and UX/UI Design. With hands-on experience in ReactJS, NextJS, and responsive design, I focus on creating user-friendly, high-performance applications. Currently pursuing a Master's in AI-oriented programming, I aim to grow into a senior frontend developer and bring innovation to real-world projects."
